

PCI DSS Certificate of Compliance

CNPP attests that

is compliant with regard to PCI DSS v3.2.1 on the assessed scope:

Payment APIs, payment forms and back-office solutions

This certificate is only valid in regards with the Attestation of Compliance issued on **November 14, 2023** detailing the scope of validation.

Romain ROUSSEAU

QSA Certificate number: 205-048

A blue ink handwritten signature, appearing to be 'Romain Rousseau', written over a circular stamp or seal.

This certificate is only valid for one year beginning the date at which the AOC was issued (November 14, 2023). The merchant is required to pass an annual on-site assessment to validate its compliance status and is responsible to maintain the security controls implemented and defined in its compliance process.
